Configure your Quooker system

Go to the
configurator

A Quooker system is made up of a tap on the work surface and a **tank** in the cupboard underneath. There are three different tanks. Do you also want chilled and sparkling water? If so, combine your Quooker with a **CUBE**.

Step 1: Choose the tap

Step 2: Choose the boiling water tank

Do you have a hot water supply?

yes

no

Do you always have to wait a long time for hot water? Is the distance between your central-heating boiler and your kitchen tap more than 6 metres?

no (<6m)

yes (>6m)

PRO3

COMBI+

COMBI

CUBE

Step 3: Add the CUBE (optional)

Do you also want chilled and sparkling water?
If so, add the CUBE alongside your chosen tank.

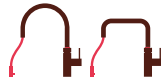

yes

Pricelist

Choose from the tap and tank range. Add the CUBE for filtered chilled and sparkling.
